

Garage bookings at BMCRC For Oulton Park April 2025

We introduced a system on payments for garages to enable payments to be made online.

You will apply by email for a slot (or slots on behalf of a group). Individual riders will need to pay for the slots online, once you receive the email confirmation that you have a garage space allocated.

Riders booking for a group can also pay for the whole group, in advance.

The booking fee is £30 per rider for the weekend (inc Testday) in 2025.

The Details

We operate an email only booking system, bookings for garages will only be taken by email, not by phone.

For the Oulton April meeting: Please send your email requests from **2pm on previous Thursday 27th March**. Allocations will be dealt with, in the order received

Email to mikedommett@hotmail.com only.

Enquiries prior to that time on the Thursday may not receive attention.

Confirmation will be emailed back to advise the garage booking for the following weekend. The booking list will be via a link in the email and will also publish in the Meeting File on bemsee.net

Riders booking on behalf of others are requested to advise all the riders' names they are booking a garage for, ideally copy the other riders in your initial email.

The confirmation email will give the rider/booker links to enable payment for the allocated garage to be taken online before we get to the meeting – this avoids cash-handling.

This will be a link to pay £30 for each person in the garage for the Oulton event.

Requests will be checked against the entry list and garage spaces cannot be allocated if we have not received a rider's entry.

Payments must all be complete online prior to the meeting – otherwise reserved slots may then be released to any riders waiting.

For garage bookings going forward - we will aim to house 3/4 riders per garage at all venues.

Please try to be reasonable with the parking area allocated behind each garage – there needs to be enough space for all riders booked in each garage. If you have trailers – try to secure those elsewhere on site until Sunday, rather than using parking space for these.
